## PRESIDENT'S REPORT

### Annual General Meeting

The Annual General Meeting held on Wednesday, November 23 was well attended. The theme of our AGMs is celebrating our community. We had lots to celebrate as was evident from the reports presented.

The following is the new Board for the next year: Bob Lang – President, Jan Pugh - Vice President, Rick Williams – Secretary, Amanda West – Treasurer, Jane Kubke - Communications Director, Lynn MacCallum – Environment Director, Marilyn Williams – Heritage Director, Sander Jansen – Planning and Development Director, Amanda Weightman and Kaeleigh Doherty-Social Director, Ken Hryciw, Andrea Vig and Kate Zago as Directors at Large.

Rick Williams was presented with a Community Hero Award. More details are provided elsewhere in this issue.

The food and beverages as usual were great. The businesses and people who helped make this happen are recognized elsewhere in this issue.

Many people made the last year very successful. We thank everyone who helped make this happen.

### Thank you to Retiring Board Members

A number of people stepped down from the Board at the AGM or during the year. They were Patrick Arnell (former Planning and Development Director), Laura Johnson (Director at Large) and Spencer Perry (Communications Director). We thank them for everything they have done for the organization and the community. We are better off as a result of their many contributions.

### Many Popular Community Events continue in the New Year

We are very lucky to have many dedicated people helping to put on many popular events each month.

Jazz is the first Wednesday. We have great Calgary jazz musicians playing many different styles of jazz including their own compositions. Our November 26 special Ray Charles Tribute event was sold out 15 minutes before the event started. We encourage you to come early, enjoy a beverage and get a good seat.

Our potlucks are great. Good food accompanied by great conversations. The wonderful ambience of our hall really adds warmth to these cool evenings.

The film nights offer a variety of free movies, both on serious topics and lighter topics. Free popcorn to boot.

Board Game Nights are inexpensive evenings of fun. They are held on one Saturday a month. Dates vary.

Dates and details are elsewhere in this newsletter.

### Cliff Bungalow School to be Designated

The City of Calgary is preparing to designate Cliff Bungalow School, the building that houses our community centre, as a Municipal Historic Resource. The City owns the building and both the community association and the Montessori School lease portions of the building.

### Time to Renew your Membership

In 2013 we introduced the new plastic membership card. We do not reissue new cards for renewals but provide a new expiry date sticker. You can use your card for the Membership Affinity Program through which you can get discounts from local merchants. Details on this program are elsewhere in this newsletter. There also is a membership form in this newsletter which you can use to renew your membership or buy your new membership.

### Recruiting an Environment Director

Lynn MacCallum, our Environment Director, is becoming a full time student and needs to help in this position. However, she is willing to help and mentor whoever takes on this important role. If you are interested in exploring this opportunity, please e-mail me at cbmca.president@gmail.com.

### Footnote to AGM

This is a picture of Corrine Ofstie, former Board member and the person who manages our social media. The slide on the screen summarizes how you can get involved. Email me if you have questions or want to help.

A Safety Management System (SMS) is all about managing the safety interaction you have with your workers. It's an overall strategy to help you communicate information on hazards and best practices in your workplace so you can develop a stronger, lasting culture of safety within all stakeholders in your organization.

# AGM Contributions

One of the reasons our Annual General Meetings are successful is the contributions from local businesses. We want to recognize those who contributed to the success of our AGM held on November 23<sup>rd</sup>.

We received a grant from Servus Credit Union which is located at 17<sup>th</sup> Avenue and 6<sup>th</sup> Street SW. They provide us with all our financial services and have been a contributor in other ways to the community including the Spring Fling, Cliff Bungalow Community Garden and the history book.

Purple Perk provided the coffee for the AGM. They are long time supporters of the community and are the site of many community-related mini-meetings.

Joyce on 4<sup>th</sup> provided the flatbread at a discount plus some at no charge.

The City of Calgary through our Neighbourhood Partnership Coordinator, Hayley Saunders, arranged for the big AGM notice sign in front of the community centre.

Special thanks to Jan Pugh and Amanda West for doing much of the other delicious food we had.

# Community Hero Awards presented at Annual General Meeting

One of the things we do at every Annual General Meeting is recognizing one or more individuals who have made significant contributions to Cliff Bungalow – Mission. These awards are sponsored by Toole Peet Insurance, our insurance broker, and are presented by the Federation of Calgary Communities, the umbrella organization for community associations in Calgary. At the November 23<sup>rd</sup> AGM, one person was recognized. The presentation was made by Leslie Evans, Executive director of the Federation of Calgary Communities. The following is the text of the presentation.

### Rick Williams

Rick Williams joined the Board in November, 2005 and has taken on many important roles since then. A couple years later he took on the role of President. In 2009 he took a sabbatical along with his wife when she went to University of York. After they came back, he took on the role of Development Director which is now known as the Planning and Development Director. In November 2013, he stepped down from that role but continued on

the Planning and Development Committee with a focus on policies that impact developments in our community and the city as a whole. In November 2015 he took on the role of Secretary.

He also has contributed in others ways in the community and the city as a whole. For example, for many years he has flooded and maintained our pleasure rink in the park on the north side of the community centre. He also participated on the Urban Planning Committee of the Federation of Calgary Communities. He has taken a keen interest in our parks and open spaces and is currently Vice Chair of the Prospect Trail Steering Committee which is exploring a greenway linking the communities of Cliff Bungalow – Mission, Mount Royal and Elbow Park. He is also on the board of Calgary Heritage Initiative Society.

He is truly one of our unsung heroes. The community would like to recognize Rick Williams and his many contributions to the community.

## Approving, and Building, Energy Projects

As Prime Minister Justin Trudeau wrote in his mandate letter to my colleague Natural Resources Minister James Carr: "it is a core responsibility of the federal government to help get our natural resources to market..." It is a clear direction, by both this government and yours truly, to gain access to tidewater for Alberta's products and to exporting energy abroad, and was why we approved both Trans Mountain and Line 3 on November 29<sup>th</sup>, 2016.

However, as the Prime Minister has emphasized time and time again, the only way to get resources to market in the twenty-first century is if they are done **sustainably** and **responsibly**. The environment and the economy are two sides of the same coin, and it is not possible to achieve long term economic success without having the trust of the Canadian people, support by Indigenous Peoples, and allaying local concerns.

This is why we are working with the provinces and territories to develop a Canadian Energy Strategy. It's why our government has committed \$1.5 billion over the next five years to have a world-leading Oceans Protection Plan to safeguard our coasts and invest in the transportation corridors that gain access for all of Canada's products abroad.

It's why our government is moving forward with putting a price on carbon pollution, which will give us a competitive edge internationally and incent the marketplace to innovate to build a clean-growth economy. This will also have the additional effect of safeguarding Canadian's health

and clean air, and bring new and exciting job prospects for middle-class Canadians.

It's why, in the fall of 2016, our government approved Pacific Northwest. This project has an estimated total capital investment of up to \$36 billion and is one of Canada's largest resource development projects. This project will provide some 4,500 middle class jobs during construction and 630 indirect/direct jobs during its operation.

It's why we are ensuring the environmental risks linked to development are addressed by industry before projects proceed. The Canadian Environmental Assessment Agency took in a ground-breaking 34,000 comments from the public, and was granted a three-month extension to the timeline to ensure we had the science right. Northwest will be required to comply with specific mitigation measures that will minimize adverse effects on fish habitat, wetlands, human health, and on Indigenous peoples. And for the first time ever, annual greenhouse gas emissions for the project have been capped at a maximum level that is substantially lower than initially envisaged for the project.

These decisions reflect our promise to work with provinces, indigenous peoples and Canadians to find practical solutions that will grow our economy, create good jobs and protect our environment for future generations.

## Welcome 2017 – Onwards and Upwards

With a new year comes new beginnings. 2017 will bring growth and diversification for our province. After two years of economic downturn, there are signs of the beginning of economic recovery. I have been working hard with my colleagues to grow and diversify the economy to get Albertans back to work through the Alberta Jobs Plan. The Alberta government has set the policy signals to open our doors to new opportunities, new industries, new investment, diversification and therefore new jobs in 2017.

Bill 30: *Investing in a Diversified Alberta Economy Act* will establish two tax credits that will drive innovation, diversification and job creation. The **Capital Investment Tax Credit** will help ensure that Alberta is attractive and competitive for investments by encouraging large-scale capital investments that will support thousands of direct and indirect jobs. **The Alberta Investor Tax Credit** will bring Alberta investors and small businesses together. It will be available for investments in companies that are engaged substantially in proprietary technology research, development or commercialization, interactive digital media development, video post-production, digital animation or tourism.

The Alberta Small business corporate tax has also been reduced by one-third, **from 3% to 2%**. This gives Alberta the second lowest rate in Canada. New facilities supported by the Petrochemicals Diversification Program are expected to add up to 4,000 jobs. Other new infrastructure projects that have been added to the Capital Plan are estimated to add a further 10,000 jobs for the next three years.

More than 25,000 jobs have been steadily added in the province since August 2016, and this growth continues to tick upwards. Alberta remains competitive and strong. The recent anguish we have endured and have come through is proof that our workforce is resilient. The worst may be behind us, but we have a lot of rebuilding to do. That is why our government will continue to provide for Albertans through these tough times. We will continue to ensure that affordable child care is available to hard working families, and that kids are receiving the best education possible so that they can be assured a bright future. We will continue to ensure that all families have access to health care. We will continue to work for all Albertans in making sure that this province will support them and their well-being.

## Learning Opportunities Ahead

### Talking About Dementia with Dr. David Hogan

Gain a better understanding of Alzheimer's disease and related dementias. Dr. David Hogan will lead an informative presentation and answer some questions from the audience. As a local expert on dementia, Dr. Hogan is the Medical Director of the Cognitive Assessment Clinic and holds the Brenda Strafford Foundation Chair in Geriatric Medicine at the University of Calgary. The Alzheimer Society of Calgary will also share information on the programs and services available to help you.

This is a fantastic opportunity for people looking to learn some excellent, introductory information about Alzheimer's disease or related dementias, or who may be searching for additional support, resources, hope and inspiration. There is no cost to attend but registration is required.
